## "The Busy Corner."

Always the best of everything for the least money.

We close tomorrow night at 9 o'clock.

## FASHIONS FOR AUGUST.

A very interesting midsummer number. But August is not a month when many new ideas are possible in dress. This is the reason. This number contains so many points of literary merit. We were interested in Kitty's romance and think it a very clever story. The care of the hands, a most important item for every woman, is a very timely article. We advise you to get one, as it is free for the asking at the pattern counter, first floor—section J.

## OUR INVENTORY OVER.

Profits and losses settled in full—the best of our summer stock is to be divided between our friends—the public. A very little asked for things advertised. We want you to consider our store news of very much importance. Every day from now on we near the goal for closing out summer merchandise. Many kinds may show a depleted selection, but others again show a freshness in variety and styles which will make the little shopping you have yet to do easy and profitable.

## Candy and Soda.

200 boxes of old-fashioned pure stick candy, representing 4 different flavors, will stick to the hands or 20c.  
Crushed Strawberry, pure fruit with vanilla flavor for cream, toothsome, delicious and cooling; special, per glass—7c.  
Section K—midway.

## Silk Umbrellas.

HERE'S A VERY SPECIAL UMBRELLA. 200 All-silk Taffeta Rain and Sun Umbrellas, black with white borders, blue with white borders, and purple, these umbrellas sold at 4c. Special at \$1.98.

## A STAR ATTRACTION WHICH WE PURCHASED AFTER INVENTORY.

One of the Most Pleasant Deals of the Season.

100 dozen very elegant and high cost Waists. Made by one of the leading manufacturers in this country.  
They are made of the Finest Sheer White Imported Persian Lawn, and are button front and back styles. The yokes of some are trimmed with fine imported Val. Inserting and hemstitching. Full blouse front trimmed across to match the yoke. Empire neck and elbow sleeves finished with ruffles of Val. Another style is trimmed all over with rows of cluster tucking and hemstitching. Stock and cuffs trimmed to match. The needlework on every one of these beautiful garments is without exaggeration as fine and as perfect as could possibly be shown for two and three times the price. They come in all sizes, packed in separate boxes. They fit like a dream to any form, and are as dressy as any imported model. They are worth \$2.50 and \$3 each. We give you the choice at

## OFFICIALLY GIVEN OUT

### READJUSTMENT PLAN OF THE ROCK ISLAND.

The Iowa Operating Company and the New Jersey Holding Company—Circular to Stockholders.

The first official announcement was made yesterday afternoon of the readjustment plan of the Chicago, Rock Island and Pacific Railway Company. With the announcement of this plan through a circular issued to the stockholders by President W. B. Leeds came the news from Iowa that another company had been incorporated under the laws of that state with a capitalization of \$125,000,000 in stock and \$75,000,000 in 100-year 4 per cent bonds, and known as the Chicago, Rock Island and Pacific Railroad Company of Iowa. Together with the holding company, designated as the Rock Island Company of New Jersey, which was incorporated the day before in Jersey City with a capital stock of \$150,000,000, the capital of this road is declared to be inflated threefold.

Exchange of Stock.

The circular of explanation declares that the plan has already been approved by a majority of the stockholders of the road, and it suggests that it will be to the interests of all stockholders to accept it. Just how the securities of the new companies are to be divided among the holders of the stock of the old Rock Island railway is explained in the circular in detail. The Iowa company is to be the operative company for the thousands of miles of railroad now controlled by this combination, while the New Jersey company is to eventually hold its securities. Shareholders of the present Chicago, Rock Island and Pacific Railway Company are invited to sell stock to the Iowa company on the following basis: For each share of original Rock Island stock of the par value of \$100 the Iowa company will give \$100 in its 4 per cent gold bonds, \$70 in preferred stock and \$100 of the common stock of the Rock Island Company of New Jersey. The \$75,000,000 present stock capital of the original Rock Island road will emerge in the following shape: \$75,000,000 collateral trust bonds for the Iowa company and \$25,000,000 preferred and \$75,000,000 common of the Rock Island company, or a total of \$225,000,000 of capitalization.

History of the Road.

The circular just issued gives a brief history of the growth and present mileage of the road, together with its business possibilities. In part this states:

"The Chicago, Rock Island and Pacific railway in 1890 embraced 3,900 miles of tracks and trackage, and was a through line only from Chicago to Denver and from Chicago to Kansas City, and a local proposition southwest from Kansas City to the Burlington, Cedar Rapids and Northern railroad, the Rock Island and Peoria, the Chicago and North Western, the Chicago and Great Northern, the Chicago and St. Louis, a connection between Fort Worth and Galveston in Texas. It has today 7,000 miles in operation, and an additional 1,000 miles in course of construction, making a total mileage, when completed, of 8,000 miles.

"It has every variety of product from the grain to the prairies of Dakota—timber, coal, cotton, spring wheat, winter wheat, corn, stock and cattle from the ranges. It extends from the Gulf of Mexico through St. Paul and South Dakota, south to the Gulf of Mexico. It is a north and south road from St. Paul to the Gulf—1,000 miles wide. It is a trunk line from Chicago to the Colorado gateways at Denver and Pueblo. It is a trunk line from St. Louis through Kansas City to the same points in Colorado. It is a trunk line from Chicago, southwest through Kansas City, El Paso, Tex., there connecting with all the growing territory of the country of Mexico, the Pacific states and territories of New Mexico and Arizona. It is a trunk line for all the southern states from Memphis west through the richest section of the United States, embracing Arkansas, Indian territory and Oklahoma, to the points before mentioned. With the completion of its Gulf of Mexico to the Colorado gateways, and has secured an outlet to the sea for its 8,000 miles of road.

"This year the Rock Island placed seven thousand additional cars and two hundred locomotives upon its lines, bringing its equipment in efficiency up to the highest standard in the west, and with a competent management the Rock Island as an earning proposition is equal, mile for mile, to any of the roads of the middle west.

"The Rock Island Dispatch Co., of Iowa, giving the news of the new incorporation states that the fee for filing the same amounted to \$125,000, the largest fee of the kind ever paid to the state.

"The incorporators of the Iowa company are William T. Rankin of Chicago, Benjamin S. Cable of Chicago, George S. McCaughy of Chicago and John L. Dille and Frank Davy of Des Moines.

The New Jersey Company.

The officers of the New Jersey company as announced are:

Directors—R. R. Cable, Marshall Field, H. C. Frick, William H. Moore, J. H. Moore, D. G. Reid, W. B. Leeds, Ogden Mills, George S. Brewster, Anson R. Flower, E. L. Hine, George G. McMurtry and George T. Boggs.

Finance committee—W. H. Moore, chairman; Marshall Field, W. B. Leeds, D. G. Reid, J. H. Moore and E. L. Hine.

Officers—W. B. Leeds, president; D. G. Reid, secretary and treasurer, and George T. Boggs, assistant secretary and assistant treasurer.

KITCHENER ON SOUTH AFRICA.

British General Says It Is A New America.

A dispatch from London yesterday says: Amid tremendous enthusiasm, Lord Kitchener was today presented with a sword of honor, the gift of Cape Town. Colonel Dimeale, lord mayor of London, made the presentation in the presence of a South African dinner, which was attended by many notable persons. When the enthusiasm had sufficiently subsided for Lord Kitchener to make himself heard he modestly returned thanks for the gift and expressed the confident hope that in South Africa, at any rate, the sword would not again be drawn from its scabbard. Lord Kitchener eulogized Lord Milner, the British high commissioner in South Africa, and made a striking appeal, based upon his intimate and personal friendship with and knowledge of the South African administrator, to give the cause of the South African patriot to self-interest. He was not afraid they would fail to sow the seed and reap the harvest for which he hoped those who had recently been in South Africa had prepared.

Railway Sued for Damages.

Proceedings at law to recover damages in the sum of \$10,000 were instituted today by James E. Mason against the Capital Transit Company for personal injuries alleged to have been received by him the 6th of last May.

In the declaration it is set forth that the defendant mentioned the plaintiff when about to cross from the south side of C street to the north side at the intersection of North Capitol street and New Jersey avenue was struck by a car of the defendant company thrown to the ground and dragged along the path of the tracks, which caused him to be greatly bruised about the head and to sustain a fracture of his skull.

Attorneys Stuart McNamara and Lambert and Baker represent the plaintiff.

There have been several fatalities recently in the city. The death of a man, a member of the Imperial Opera Company,
